Letter of Recommendation

To whom it may concern,

I am pleased to write this letter of recommendation for Jarosław Kubiak, who has worked with me at Huuuge Games as a Junior Software Developer. During his tenure in our company, Jarosław has been an integral part of our team, particularly contributing to the development of a cloud-native configuration provider app tailored specifically for games.

Jarosław has demonstrated great proficiency in Node.JS, employing his skills to develop and maintain key components of our cloud-native configuration provider app. His ability to understand complex technical requirements and translate them into practical solutions has been invaluable.

Some of the key attributes that Jarosław brought to our team include:
1. He exhibited a strong grasp of JavaScript and Node.JS, consistently writing clean, efficient code. He utilized various libraries and frameworks effectively, ensuring the application's scalability and performance.
2. Jarosław worked well in a team environment. His communication skills facilitated clear and productive exchanges of ideas and progress updates
3. He displayed a keen ability to quickly learn new technologies and frameworks, adapting to the evolving needs of our projects.
4. Jarosław showed a commendable level of dedication and enthusiasm for his work. His commitment to meeting deadlines and delivering high-quality code consistently contributed to the success of our projects.

In conclusion, Jarosław Kubiak has proven to be a valuable asset to our development team. I have no doubt that his skills and work ethic will make him an excellent addition to any organization.
Please feel free to contact me at tomasz.stanislawek@huuugegames.com or +48 539 694 090 if you have any further questions or require additional information.

Sincerely,

Tomasz Stanisławek
Software Engineering Director
Huuuge Games
